Introduce Digital Technologies and Solutions to your Company's Operations

What is Access Advice: Digital Discovery?

Access Advice: Digital Discovery support is designed to help Irish businesses introduce new digital technologies and solutions into their operations. It helps companies to hire a digital expert to provide hands-on guidance and implement innovative digital strategies.

Who can apply?

- Irish-based businesses in the manufacturing or internationally traded services sectors.
- Enterprise Ireland high potential start-up (HPSU) clients.

What does the grant cover?

- Funding for up to **80%** of the project cost, with a maximum grant of **€5,000**.
- Engagement of a digital expert for 3 to 7 days over an 8-12 week period.
- Eligible costs capped at €900 per day, inclusive of travel and subsistence. (Note that while the maximum daily rate supported by Enterprise Ireland is €900, the actual daily rate charged by a provider may be higher or lower.)

What can it be used for?

Analysis of existing digital, data or automation systems in the business to identify potential gaps in meeting business needs.

Exploration of opportunities to optimise existing systems and to integrate with new solutions to enhance business operations.

Guidance on the implementation of new or enhanced digital, data, automation or AI solutions.

Focus areas:

- Enterprise IT systems that are not already in the use in the organisation (CRM, PLM, ERP, MES, Cloud Computing, etc)
- Data Analytics & Artificial Intelligence (AI)
- Process Automation, Sensors & Robotics, Internet of Things (IoT)
- Digital Twin Technology

Expected outcomes:

- Introduction of new digital, data automation, or AI technologies.
AND/OR
- Creation of a digital action plan with initiatives that can be implemented within the next 3-12 months.
